AGENDA FOR PUBLIC MEETING November 5, 2003

- A. CALL TO ORDER:** Moses Carl @ 8 pm
- B. INVOCATION:** Prayer was lead by: William Andy
- C. ROLL CALL:**
- | | | | |
|--------------------------------|-----|-----------------------------|-----|
| Moses Carl, President | (x) | Joseph John Sr., Member | (x) |
| Joseph Patrick, Vice-President | () | George Earviak, Sr., Member | (x) |
| Mary George, Treasurer | (x) | Vacant, Member | () |
| George Tom, Secretary | (x) | | |
- D. GUEST(S):** Community of Newtok
- E. ESTABLISHMENT OF QUORUM:** Yes
- F. APPROVAL AND ADOPTION OF THE MINUTES OF LAST MEETING:** Motion to read: Mary George 2nd by George Tom
Read by: Nick. After last minutes were read, Moses stated that road to Nelson Island hadn't been approved. It was community's choice. The community didn't show support, so it was dropped. Albertina Ch.-said the road was implemented because Toksook Bay is making a regional clinic. We need to look at the pro/cons of building this road. It's also dangerous too because our youth like to travel and we get worried thinking they might break down, get hurt, or lose their lives. Moses said we'll discuss later.
Motioned for acceptance by: George Tom 2nd by Mary George
Signed and dated by: President Moses Carl and Secretary George Tom
- G. APPROVAL AND ADOPTION OF AGENDA:**
Motioned by George Tom 2nd by Mary George
President Moses Carl said he moved School concerns up to New Business Because it was new business and that the teachers were attending the meeting To discuss their concerns.
- H. FINANCIAL REPORT:** not prepared yet.
- I. NEW BUSINESS:**
- 1. School Concerns/ Larry Charles & John Andy-** Larry said that three school housings have been entered unlawfully and that one of the teacher's houses window was tapped on late at night. They are now

feeling insecure and uncomfortable, so they are going to voice their concerns. During the day when the teachers are at work, someone has been entering their houses and taking their belongings. Even prescribed medicine was stolen.

Mary George- Do they have locks?

David Tommy- They need to change their locks. If they don't, they will just keep being unlawfully entered.

John Andy said they already changed their locks and that the principal told him they are low on funds. A lot of funds have been cut, so they don't have the money to change locks. They can't even order those sensitive lights that turn on when detects movement, even from a distance. We need to respect them just like we would our neighbors. Teachers are feeling uneasy about being in Newtok due to these facts of unlawful entry. They don't know what else to do, so they are asking TC for assistance. VPO's should start patrolling.

David T- there is always youth outside school and housing area. Even after midnight!

Mary George- even though it is hard to keep our teenagers at home, even so, we should try to keep our kids at home at night. I am struggling with my child, but I have warned him before. Whatever he does, it will get back to him and I won't do anything because I had warned him before. If our children we're warned and they know they are not to do something and they did and wind up in jail, don't bail them out, they need to learn the consequences of what they had done. And don't let them sleep in late.

William Andy- Even when I'm taking a steam late at night, I still see youth or people walking around. They don't answer either when they are asked what they are doing out so late at night.

Paul Carl- when students go to school, VPO should patrol. It will be alright. VPO need to patrol at night too because I can hear them late at night. Makes him wonder if their parents are taking care of their children, or talk to them.

Mary G- what would the community think if VPO patrols late at night, not in sight, to find out who these perpetrators are?

Concerns are it is very dark out now. It would be a problem if we lose our teachers. We should keep a watch out even if we are not the police.

David T- I will let the VPO use my house to watch for who is bothering the teachers. Our VPO's need to warm up too. My house is in the area, so they are welcome. I try to keep a watch out too in the mornings because I wake up early.

Nick said we need to set up a meeting with the youth and elders. They are not hearing us anymore because we are not talking with them anymore. This meeting would be a start for getting issues solved.

Joe Sr.- When we talk to our children, don't yell at them or talk to them in anger, they might misunderstand us. We as parents need to start telling our children, remind them of what they should or shouldn't do.

Albertina C- How is the youth supposed to hear us telling them to come home when they are walking around outside? We as parents should start looking for our children too. VPO have hard times telling each and every child when they won't listen. Some kids run & hide from the police.

Betty- When children are out of school, they need to start going home instead of going to teachers houses right after school. They start crowding around their houses. They even stand at their porch waiting for someone to answer. That is embarrassing.

Albertina C.- They even tap at their windows while they are waiting for teachers to answer them.

Joe Sr.- They have a school board, they can bring this issue up with them

Larry- This isn't really all the schools issue itself, this is for everyone to let them know it is not right to bother teachers.

Suggested to Principal was the Principal should find out the phone numbers of their neighbors, so they can call them when they spot the perpetrators, instead of trying to confront them themselves.

And we as the community feel pretty embarrassed and feel sorry you are being bothered.

Teachers said they know that it's not the whole community's fault and that they don't want us to feel embarrassed, but they are glad that the community heard their concerns and supports them.

J. OLD BUSINESS:

1. **United Utilities Internet Service/** Nick said that this was discussed before, but didn't have all information. But if you want internet service in your home, you can apply for it. It will be free for 2 years, but after, you will start being billed for the service. It is only for people who want internet service in their homes.
2. **Environmental Awareness Workshop in January/** Nick said we will have a meeting January 16, 17, and possibly the 18th, 2003. It is to talk about trash management. I will write another grant for this project. We wrote a grant for this project that is going on now. There were supposed to be about 15 people working on this project, but due to other projects (clinic and AVCP housing project), we only had about 4-8 workers at a time. We still have funding available. Trash needs to be picked up. Like what happened at Cakcaaq when food went bad. These are the sorts of issues we will be discussing at upcoming meeting.
Moses said the surrounding villages were glad we are starting this program.
Sophie John said we need to start recycling. If we burned our own trash, it would be better. If we weren't so lazy, this trash management would be a lot easier. We need to start burning our trash & not just set them on ground. Sort out trash.
3. **Social Services/ Anna Lincoln** would like the Elders Advisory Council to start having meetings to teach them of our native ways.
Moses said it will be brought up at next meeting. They have meetings at the school too with our youth.

4. **Flush Haul System-** Select three (3) houses. People will come in to install the flush systems, they would like to find out which houses they are going to install them in. Council and community said make the Quyurvik Hall number one priority because this is a public place. Mary G said that the hall is a place where people gather and that the houses that surround the Quyurvik Hall are starting to complain that their honeybuckets fill up too fast due to everyone using their bathroom because its close to the hall. So it would be better to install one in the hall. Ask Stan too.

Larry suggested they let people sign up for whoever wants to try out the flush haul system. It would be better if we considered others instead of just pointing out who will get this.

Those that have been selected for the flush haul system will have to pay for their own services. It is not free.

5. **ASCG, Inc.-** will be better to let community own instead of state. Would help earn money for the council too. More control.

David A- we need to find out the pros/cons of owning our airport.

What about plane crashes, we will need insurance. People are not supposed to be at airport even at night.

Nick-if we maintain our airport, there might not be. Might be the airlines fault.

Larry Ch. said we need to look into this before we make a decision.

Moses-We can ask Kipnuk how they maintain their airport. Will call council, FAA... We will find out.

John Charles said we need all equipment to maintain our airport. If we don't have equip, airport will be closed. If our airport is closed, what will we do if someone gets in an accident. Who will fund the worker?

Moses – we will find out all the pros/cons of this and bring up at next meeting.

6. **Elect new council members-** not enough people in meeting to vote or elect. This is too short notice. We have not posted enough notices.

Joe Sr. said that not too many people show up for these things.

Paul Carl said we need to change council because they have been in council too long, perhaps we need new ones.

Larry said we shouldn't change the council all at once. We have things going on that not everyone is aware of. We can't just elect someone and expect them to know things.

Moses said he kept Joe on because he is aware of things going on. A lot of our council is possibly going to change and I need someone to know these things going on. Vote for council at next public meeting.

Joe Sr.-when we have elections, we will use our native people to lead our native ways. If we elect a white person, they won't know the native ways of our people.

- K. **OPEN SESSION:** In the beginning, after John Andy talked about school concerns, he spoke of the AFN convention in Anchorage. He said, him, Larry Charles, their lawyer, and a couple other people met with Congressman Don Young. They asked him if he had seen our land relocation proposal.

Congressman said that it is in their pile, but not at the top since a lot of other proposals were asked. They told him of the importance of the factor, so they upped our land proposal to be considered. As we may have all heard, our proposal had passed, now it is in the hands of the United States President to be signed and sealed. After that is done, proposal cannot be changed or touched. It is documented.

John Charles said that white people say when you turn 18, you are considered a legal adult. We as natives say, if they live under parents roof, they should still abide by their parents rules. These are some of examples of white man's ways. The youth start to disrespect parent's homes. And our church is getting less & less people.

Paul Carl said we shouldn't elect people that weren't raised in our community. They are not fully aware of our community's ways.

David Albert reported that American Seafood funds are available. There is about \$75,000.00 available. It is divided into three (3) parts, but also divided among twenty (20) other villages. First one is \$30,000.00 divided with twenty (20) other villages, and that you also need to write proposals for them. Next one is for \$15,000.00 for scholarships and that third is another \$30,000.00 both also divided with other villages.

Albertina Charles said we need to work together with our Corporation instead of pointing fingers and saying who did what. Our corporation and TC need to work together for the strength of our community.

Mary George- wanted to point out that she wanted to tell the community not to agree, or vote for Mark Charlie in any way because trying to change our traditional ways. Trying to make changes.

L. DATE, TIME, PLACE OF MEETING:

ADJORNMENT: @ 10:00pm

MOTION BY:

Larry Charles 2nd by John Charles

Closing Prayer: Larry Charles

Amen

Proposals: Please read carefully first, translate to grandparents who do not understand English and than vote.

PHS Service Charge: Over the past years, the council has been encouraged to get the community begin paying for water service. Because of the changes occurring with grant opportunities, projects such as water and sewer and other projects relating to community needs, they are requiring the community to pay for the services. If residents refuse to pay, the grant projects in the future will not be approved. When the community relocates to the Island, water and sewer pipes will become a reality. The residents will have no option but to pay for the service. Therefore, we have to have a record showing that more than 80% of the residents are paying for the water services.

PHS employee monthly salary: Use this figure to vote for service charge.

$\$12.00 \times 4 = \48.00 $\times 5 = \$240.00$ $\times 4 = \$960.00$

Fringe Benefit: \$78.24

\$1,038.24

Vote for A or B,

I vote for: A

A. Should Traditional Council use tokens? A meter will be installed at the PHS and residents will pay tokens in advance at T.C. The purpose of using a meter is to control the water more efficiently. A lot of the water is wasted by children playing with it and some residents wash Hondas and other equipments. Furthermore, three homes now have flushing toilets, the new clinic will use more water, and the school packs water from PHS when their water system is out of order which occurs more often.

If you vote A, then vote for 1 or 2: 1

1. .05 cent per gallon X 5 gallon = .25 cent X 50 households = \$12.50 X 100 gallons per household in a month = \$1,250.00 (This is just a rough estimate and could be less)

2. .10 Cent per gallon X 5 gallon = .50 cent X 50 households = \$25.00 X 100 gallons per household in a month = \$2,500.00 (This is just a rough estimate and could be less)

Or

B. Should Traditional Council allow monthly payments per household instead of using a meter? Question: If some residents refuse to pay for the service, because they do not pack water from the PHS, how would this affect service charges?

If each (50) household paid monthly payment of: (Vote one) _____

1. $\$10.00 \times 50 = \500.00

3. $\$20.00 \times 50 = \$1,000.00$

2. $\$15.00 \times 50 = \750.00

4. $\$25.00 \times 50 = \$1,250.00$

Trash Men Service Charge: Because of the solid waste problem in our community and residents are carelessly trashing the river, the beaches and every where, it is **urgent** that the community begin paying for two trash men to work across the river to organize and burn the trash on weekly basis. Residents will be responsible to bring their trash to the beach across from the village where the landfill is located.

$\$12.00 \times 4 = \48.00 X 2 trash men = $\$96.00$ X 5 days = $\$480.00$ X 4 weeks = $\$1,920.00$
Fringe Benefit $\$156.48$
 $\$2,076.48$

Vote one. (Reminder: The service charge has to match the salary.) _____ / _____

1. $\$20.00 \times 60 = \$1,200.00$ 3. $\$30.00 \times 60 = \$1,800.00$
2. $\$25.00 \times 60 = \$1,500.00$ 4. $\$35.00 \times 60 = \$2,100.00$

Why can't the general fund, in which its 98% funding comes from bingo and 2% is sales tax, pay for PHS and Trash men? The general fund is not generating enough money to pay for the requested services because T.C. is having difficulty paying for auditors, and is overwhelmed with payments on the PHS workers, conventions, fuel, insurances, equipments; supplies. The high cost of freights and increase in prices are also affecting T.C. The bingo is considered **charitable fund** which is not suppose to be used to pay for employees in organizations such as Traditional Council.

If you should have any questions regarding this proposal, please call T. C. office at 237-2314 and it will be explained.

Vote for two council members: Any nominations? If your name is on the list, you were nominated.

1. Murphy John: _____
2. Anna Lincoln: _____
3. Joseph Inakak: ✓ _____
4. Joseph Tommy: _____
5. Walter Kassauli: ✓ _____

Please bring ballot to Traditional Council Office before November 5,2004.

NEWTOK TRADITIONAL COUNCIL.....

|--------------------------------|-----|--------------------------|-----|
| Moses Carl, President | (X) | Joseph John Sr., Member | (X) |
| Joseph Patrick, Vice-President | (X) | Joseph Inakak, Member | (X) |
| Mary George, Treasurer | (X) | Walter Kassaiuli, Member | (X) |
| George Tom, Secretary | (X) | | |
- D. GUEST (S): Community of Newtok
- E. ESTABLISHMENT OF QUORUM: X Yes No
- F. APPROVAL AND ADOPTION OF THE MINUTES OF LAST MEETING: October 8, 2004 – Joe P. motions and Mary G 2nds, Nick reads the last meeting.
- G. APPROVAL AND ADOPTION OF AGENDA: There was a change done to new business #2 to Stan's report. Financial report was skipped because it would take up time and everyone had a copy, those that want to know can come by the office to look at the financial report and ask questions. Paul L motions to skip financial Report and Tom John 2nds.
- H. FINANCIAL REPORT: November 2004
- I. LETTERS:
- J. NEW BUSINESS:
1. Tsunami Fund Raise
This had already been done and need not to ask the community about this, we had already done that and got about \$200.
 2. Environmental Program
-Phillip Carl--- was not available.

Relocations report, Stanley Tom

This year T.C. received about \$700,000.00 from US Army Corps. The money will be focused on barge landing for the new site. It will be the fishermen's choice on how the barge landing should be build, because they have boats. How do they want it made? We are requesting for gravel instead of sand. FAA has contracted him to look into airport project for the new site. Agencies will be looking into the new site and they will also do survey.

Paul Lincoln - How do you know about those? Stan - They email us and we reply to them and we also respond.

Paul L - For public report show another report also.

Stan - Yes we have been doing that.

John R. J- Fishermen's barge landing? Where here or there?

Everyone- THERE?

Stan - The agencies are looking into water sources and testing them for the community if it is good for drinking.

Mary G-You should let us know how you want the barge landing should be, if it is planned ahead, it will be easier and faster when the project get started.

Stan-You've seen the Bethel boat harbor, it would be something like that or similar. Boat landing maybe mostly gravel and rocks.

Paul L- I recommend a survey on who wants to move to the new site.

K. OLD BUSINESS:

3. Ballot Tally

-PHS

-Trash men

-Two Council Men

Nick-voting ballots were sent out. Those that came back with marks were:

PHS service a) meter - 36 votes

Charge - 29 for the cost of \$.05

b) Monthly - 31

charge - 26 \$10.00

Trash men 47 votes/\$20.00 a month

Two council members Murphy John (22) Anna Lincoln (7)

 Joseph Tommy (19) Joseph Inakak (39) Walter Kassauli (41)

One question concerning the token meter, when problems arise, we will try to make them manageable, Joe P - If we plan ahead in getting tokens, when they start charging, we won't have many problems, we'll start being more responsible for our water.

4. Ordinance

-Solid Waste

We had two days summit about solid waste management about honey buckets and trash that we may get sick from such as hepatitis A or B is more dangerous because it can lead to sickness and possibly death. The ordinance encourages residents to discard honeybuckets and trash designated areas. It encourages residents to respect the land, river, habitat. He reads the ordinance for Solid Waste & Sanitation. (See Attachments)

John Ch - It says in our ways we are not suppose to dump in the river, but in Section 3 it says that we suppose have a designated area. On Section 1 , it says only in the designated area. In the minutes of the last meeting, it said about Hepatitis A and B and the dumping about honey buckets on the river. If we stop dumping at the river, where are we supposed to dump our wastes?

Nick- We are in process of deciding where designated will be. The EPA program has a committee that will decide and inform the community.

John Ch-if we stop dumping in the river, it would be better. Nick-shall the council sign this now or should we put it aside?

John Ch-if it's signed it may have conflict with section 3 in this ordinance.

Nick- on our next council meeting we hall look for a designated area and when we do, we'll bring this up again. (Ordinance isn't signed)

-Sanitation

Nick reads Ordinance 04-02

John Ch.-???

Nick-they are across there, don't mix them up with trash but put them in a different spot in that dump.

Paul Carl-it's a saying not to leave the bones or left over food on the ground, we have to put them somewhere but not with the trash.

Nick-we can work on those as we go along, Phillip is working on this and he can look into it.

No comment from the community and the council puts it aside to look into it more, and make amendments.

-Banning Plastic

Resolution 04-03 plastics, Nick reads the resolution

Albertina Ch-Why don't you include the school? They use a lot of plastics and foams?

Nick - It's a bit hard to communicate with LKSD- they are different from the local stores.

Murphy J - Should include the school, most of the time they are using foams and plastics.

Bernice J - Fix it, don't just address it on the stores, include the school. LKSD

Nick-when voting has been done, community has to sign an agreement service with the TC that they will follow the regulations that the TC has provided them with services such as trash, if they are using the TC's services to pick up their trash and get dumped.

When this goes through, each household will receive a paper of agreement, it's the households' choice.

Elsie T- when will this start?

Nick-Next month? Or after we have another meeting.

Joe P-After we order a meter, it will be starting. Nick - Has been bugging the workers to make that order. But when we do get them, we'll let the community know.

Lucy T-It isn't much, but it will help.

Joe P-Other villages are using this, we will use it too, it maybe a problem at first but it will get better as we go along.

5. Tribal Court

-Clerk Joseph John Jr.

-Ordinances

(ABSENT)

6. Nonprofit Relocation Corporation

-Larry Charles

This fall a news paper man who came to Newtok to write about the village and how much funding is going to cost to relocation the community. The Corporation layer has an idea to look for relocating funding by starting a non-profit seven member committee which will have legal incorporate and have by-laws. It will look for donations from large companies who do not want to pay a lot of money to the IRS. These rich companies may able to donate a tractor and provide large

steel for building a huge sledge that can move houses to the new site. We would continue to look for donations, there are a lot of companies that can donate..

John R. John-likes the idea, if it shouldn't go the wrong way.

Larry-already talked and TC and Corporation and they like it.

Paul L-When money is received yearly by basis and when it keeps coming, where would the rest go?

Joe Sr-It would be a good idea, and it would be a big help especially with relocation project.

Murphy J-those that know had already started to bug the village about donation for the relocation project.

Larry-That person that wrote about the village can help us, he had said that he can write about this for help.

Community agrees with Larry's idea.

Paul L-will need 5 boards and on the side executive committee. If village likes this, will need to pick form the community with some elders included.

It's very important that we get tractors first because of the housings.

Mary G-even if there is no money for that, keep your spirits up, don't be disappointed but we may get what we been trying to get. Have hope we'll get them somehow.

K. OPEN SESSION:

Paul L-04-22 Resolution went through BIA, it went through-to help on the relocation project.

Stan had already talked about this.

Moses C-tell your children to throw trash inside the fence not outside it, start watching and tell your trash throwers to throw them in the right place, that area is getting messy again.

Toksook sub regional clinic needs at least 3 names and that name has to have at least a small explanation of who they were and what they did.

John R-Nicholas Tommy- he welcomed everyone young and old and he was a deacon for along time until his deacon hood was complete.

Mary G-the clinic in Toksook is like the hospital now, so you can go to Toksook for check up and when they can't do anymore they will sent you to Bethel, it will be your choice of going to Toksook or Bethel for further evaluations.

Kingulamta Ciunerkaat also said that our way of life don't always have to start off from the meetings, they have to start from the parents and at our houses, we have to be telling our younger generation about our ways of life, always.

Margaret N-when we see a child we should at least tell them that they are loved, no matter how and what they are dressed with. Or where they come from, we should always tell them we love them even though they are not our children.

Tom J-Resolution 04-03 when will it start?

Moses C-After it's amended.

L. DATE, TIME, AND PLACE:

Paul L-adjourns the meeting at 10:05 pm and Margaret N 2nds

AGENDA PUBLIC MEETING December 9, 2009

A. INVOCATION: Joseph John

B. CALL TO ORDER:

ROLL CALL: Moses Carl

Moses Carl, President (x)

Joseph Patrick, Vice President (x)

Mary George, Treasurer (x)

George Tom, Secretary (x)

Joseph John Sr. Member (x)

Joseph Inakak, Member (x)

Charlie Tommy Member (x)

C. GUEST(S):

D. ESTABLISHMENT OF QUORUM: YES x NO

E. APPROVAL AND ADOPTION OF THE MINUTES OF LAST MEETING:

F. APPROVAL AND ADOPTION OF AGENDA:

G. FINANCIAL REPORT:

H. LETTERS:

I. NEW BUSINESS:

1. Tribal Court- Tom John- Run way at the airport, whoever fails to not listen will be fined 50.00, and if they do not pay it or refuse to pay it, it will keep going up until they pay their fine. They already know that they can't vandlize in Newtok anymore, if they do, report rite away. 2- they are gonna start garnishing dividents for those who do not pay for their fine. Child abuse and neglect- everyone needs to start taking care of there children, and they should know the cerfew is at 9:00. If they have visitors at there house after cerfew, have them go home at 9:00. Vehcils- they are going to start taking keys from the kids who drives really fast in town, or after cerfew. And the parents will not take the keys until its given to you by our tribal court clerk. Gambling- that the gamblers or teaching there kids how to play gamble and stay out late more, or playing with the V.H.F. when that parent is not at home.

J. OLD BUSINESS:

1. Council member terms up- moved to open session.
2. Evacuation center- they or pushing to have a native worker at mertarviik. And want to go training before they start working.
3. Who ever wants to move to Mertarviik- Joseph John suggested to have some one move to Mertarviik first, and he wanted to go over there, and he will take care of them.

A. tribal relocation \$250,000.00

B. The HUD office

C. homeland security-and homeland will be here soon, they have asided for 250,000.00. HUD and BIA have possibility to help with the houses at mertarviik.

4. Newtok Evacuation Center Road- the center roads is working on the roads at the mertarviik for the evacuation center, and it's going to have a temporarlity airstrips. Peter John wondered where excalty they building, cause that there is food and he don't want the fishes to be contaminated with gas or motor oils.

5. FY- 2010 housing improvement program housing application data- whoever wants to apply a BIA housing they can come to the traditional council and apply one. So as AVCP housing.

- K. **OPEN SESSION:** Terms up for Council Members, President 3 yrs., Vice Chairman 2 yrs., treasurer 3 yrs., Secretary 2 yrs., 3 members ??? To have them change in 2010 motioned by David Albert, 2nd by John Andy.

Mary George suggested if they ever get a knew Council Members to be careful who they choose. Some people can change Newtok how is going to be and don't want it to become a city council. Joseph John Sr. said, he will start moving to mertarviik to start moving there. And whom ever wants to move can move with him or the other parents that wants to move. John Andy said that the president and secretary already signed papers to move to mertarviik, and George Tom said, they if they have more than 10 students, they can start having school over there.

Training is going on and some people did graduate from training, but not all of them, the people that did not graduate is because of the drugs, and slacking off during the training.

Peter John said that the council members not following the ordinance, that they like to just let it hang on the wall and leave it, and not using it.

Joseph Inakak said if they move to mertarviik, the lights here will get shut off. And start try and get a light in mertarviik.

Frieda Carl said that she needs help fund raising the church for them to build in mertarviik, and that she can't do it alone. She wants someone to help her fundraise for the church, like cake walk, and she said they only did once fundraise, and that's cake walk.

David Albert said to not dump honey buckets by the river, but inside the river.

Where the snow machiners won't ride on it, and that we can get sick from it, like the kids like to play out side and play on the snow where the snow machine when thro.

- L. **DATE, TIME, AND PLACE OF THE NEXT MEETING:**

ADJOURNMENT:

MOTION: Mary George closed the meeting and 2nd Frieda Carl.

CLOSING PRAYER: Joseph Inakak

NEWTOK TRADITIONAL COUNCIL

Phone: 907-237-2314/2316
Fax: 907-237-2428

AGENDA
PUBLIC MEETING
DECEMBER 14, 2010

1. INVOCATION: Joseph John Sr. @ 7:49PM
2. CALL TO ORDER: Moses Carl
3. ROLL CALL: Moses Carl

Moses Carl (x)	Joseph John Sr. (x)
Mary George (x)	Joseph Inakak (x)
George Tom (x)	Charlie Tommy (x)

4. GUESTS: Public
5. Establishment of quorum. YES X NO ___
6. Approval and adoption of minutes of last agenda:
7. FINACNIAL REPORT: NO
8. LETTERS: NO
9. NEW BUSINESS:

A. Election of Treasurer Mary George:

Moses Carl- tells people not to refuse on the vote, telling people to join who ever wants to join can join.

Stanley Tom- Giving out voting papers.

Mark George Jr. wins the 1st door prize of \$25.00.

Moses Carl calling out vote papers then Walter Kassaiuli wins the 1st vote. Voting for more people Andy Patrick gets the 1st choice and 2nd choice goes to Mary George. Stanley calls out the 2nd door prize and Laverna John wins the \$50.00.

Lily Kassaiuli wins the "BEE" movie.

2nd vote count by Moses Carl- Andy Patrick 25 votes-Mary George 13 votes.

Moses Carl suggested we arrange Eskimo dance in March 23. Joseph John Sr.- asking people if they want to have Eskimo dance in March. Phillip Carl- mentioned that every company has rules and us people need to follow the rules, with once or twice a month meeting. Joseph Inakak-said that Mary George is not a council member anymore but she is still welcome to come to the meeting. Mary George-said that she is thankful to the NTC council members and the TC. She said that NTC is not a borrowing company. The money the NTC has is ONLY for emergencies. Some people ask NTC council Mary George if they can loan money but she doesn't let them. Stanley Tom-wants to thank Mary George about her management in the council and the bingo fund is raising because of Mary George. Mary George-said watch the community building fix what needs to be fixed inside of the community building. Marla Fairbanks-asked if we need to have a public meeting once a month. We people never have public meeting only once in a very great while. Joseph Inakak-the airport is 2,000 feet long and the one over at the Mertarvik site is 5,000 feet long. If you want to let the planes keep coming we have to work together. We have to work together we don't need to lie about anybody. Stanley Tom-said our work is slow right now and making a lot of

progress. We have a lot of work to do but we have a lot of things to do so he can't get to it. Community layout will be done and ACR will come over and need to vote for which one. Next year they will bring rocks for the place were moving in Mertarvik. The landscape called him and ask him if he wants to buy gravel. Relocating is not easy. Move to Mertarvik in 5 years. Asking people to start over. If they approve AVCP. If they don't approve it can't be done. Trying to start working but the workers keep going back home. Trying to let people go to Kotzebue but don't have enough money. Low budget on our grant. Wants to talk about this next month. Marla Fairbanks- said if there is a public meeting coming up put your planes on the agenda and announce on the VHF. Stanley Tom- said Corporation has 1st choice to put it to NTC or not Corporation is the 1st one to decide if Corporation doesn't want what they have they give it to NTC if they want but they never. Phillip Carl-said that the shareholders of Corporation claim the corporation. Stanley Tom- let corporation get involved to this Nelson Island on the next meeting next month. Next month meeting will be about relocation. John Charles- said do what needs to be done at the Mertarvik site. Stanley Tom- showing a picture of the site of how it has to be, Corporation needs to approve the Road lane. Relocation is very smooth. Tomorrow there will be a public meeting and people will choose Alternate #1 or Alternate #2. Marla Fairbanks- maybe if NTC gets land committee the move might go faster. Stanley Tom-said he is having a hard time with job. Joseph Inakak said if corporation joins NTC members the move will be more successful. Stanleys work is hard and very stressful. Lisa Charles- said to hire people to pick trash and pick up garbage. Phillip Carl- said people are changing and the kids are changing too and we need to have family gathering. Joseph Inakak- said when he was a young buy he used to see his parents having fun and that's what he wants to do. So if were sober our kids will want to be sober. Its all up to the parents to be sober or not. Francis Tom- When he tells people to go home they tell him that the parents told them to get something. And the parents should know their curfew and not send them out.

10. OPEN SESSION:

11. Date, Time and place of next meeting: January 25, 2011 @ 7 PM
12. Adjournment: Joseph John Sr.
13. Motion: Joseph Inakak & Mary George
14. Closing prayer: Joseph John Sr. @ 9:45 PM

Last door prize : Jeffery Charles \$75.00

New Business:

A. NTC Bylaws

B. Oct 12, 2012 Election

C. NTC Election for President and Treasurer

D. Staggering the terms

E. Tour of Mertarvik

F. George Owletucks report

Motion by John Charles & Tom John

John Charles-This report is from march 14 where are the rest of the reports. You councils that are seated are suppose to schedule the public meetings. The BIA said you guys are violating the constitutional bylaws. Its been so long since we had election.

George Carl-As of june 6 President is removed under NAHASDA. He is removed by Stanley Tom and its conflict of interest.

Stanley Tom- that was just a public notice for AVCP if anyone had a complaint about that they can call AVCP directly before the day was up.

George Carl-BIA said that there won't be anymore funding unless is the councils change. Councils need to follow the bylaws because you councils signed the bylaws. The bylaws are like the 10 commandments.

members. David Albert-One person can't just decide on the NTC and village issues. Stanley T.-The NARF said the Oct 12 is not valid. John Charles-Its not good to blame Harold B. The problem we had already existed when he came to Newtok. Stanley T.-We need to fix the Constitutional By-laws. Tom John-its hard to believe anyone when they say something out of no where, we have to have proof. Andy Patrick-I would like to thank all of you for allowing me to become a council member and for serving for the community because I was elected. George Carl-We had election on Oct 12 and none of the council members showed up. Only one council member showed up and left. I called NARF and they told me I was conflict of interest and they told me that I am suppose to go through George Owletuck, and here I don't know who George Owletuck is. Stanley T-We have been filling out for funding applications but they are so competitive.

B. Oct 12,2012 Election

George Carl-The BIA and state recognizes the council members we have right now. We can't just follow one person it has to be majority. Marla Fairbanks-There was a petition and the bylaws were followed and the community had a meeting by following the by-laws and elected new councils. Albertina Charles-When they have election and they are over due the community can have an election. They keep ignoring their people, they will only cause drama. Any councils can be removed if they don't follow the rules and by-laws. Julia Charles-If that person is not smart enough to work and get funding for Newtok we won't get funding. But if it's a smart person working we wouldn't have a hard time getting the funding that Newtok needs.

C. NTC Election for President and Treasurer

Nominated election for President-

- 1) Moses Carl-16 votes
- 2) Joseph Mark-5 votes
- 3) Joseph Inakak-5 votes
- 4) Simeon Fairbanks Jr.-15 votes

Moses Carl had more votes for President

Nominated for Treasurer-

- 1)Joseph Mark-12 voted
- 2)Simeon Fairbanks Jr-20 votes
- 3)Joseph Inakak-6 votes

D. Staggering the terms

E. Tour of Mertarvik-Powerpoint presentation

Tom John-I want to see a paper from Johan Smith saying that there is no strings attached to these houses that Newtok might be getting. Teddy Tom-

7. **FINANCIAL REPORT:**

A. Quickbooks- Domonic

Domonic Charles did a powerpoint financial report presentation

Bernice John-Where is the community Revenue Sharing?

Domonic Charles-People can decide how to use the community revenue sharing.

Marla Fairbanks-About the CVRF Elder money, if NTC only issue the CVRF elder money just for stipends its like discrimination to the elders that can't walk to join the meetings.

Bernice John-Give the Elders the money by equal share

Marla Fairbanks-The CVRF elder money belongs to the elders NTC has to split it between the Elders. Some Elders can't walk that's why they don't attend meetings.

George Carl- I suggest to use the revenue sharing by helping someone needy someone that really needs the help. We can probably use the money to fix Margaret Earvaks house.

Domonic Charles-Dimitri said he would come to newtok to do an audit but he said he won't come unless someone that works at NTC gets replaced.

George Tom-Anyone is welcome to look at the books at the NTC they are open to public.

8. **LETTERS:**

A. Motor Vehicle Operation Policy

The motor vehicle need to be approved. Anyone under the influence of alcohol or drugs can not operate any machinery.

Tom John- I suggest drug testing.

John Charles-Have drug testing approved

Karl Kassaiuli-I want drug testing mandatory

DRUG TESTING PASSED BY ALL VOTE "YES" WITH HANDS UP FROM COMMUNITY.

Mary George-When someone gets tested and they fail the drug test we can give them 3-6 months to clear up and give them another test and once they pass they can start working. And give out random testing to the workers.

9. **NEW BUSINESS:**

A. NTC Bylaws

Andy Patrick- I looked and read the NTC and NNC bylaws and they were almost conflicted, they both need to be reviewed and fixed. And shareholders need to know the NNC bylaws.

Tom John- It says on the NTC bylaws that the tribal member can amend the NTC bylaw.

John Charles-The NTC suppose to follow the bylaw. They never even had election. That means we don't have council members at NTC. The community of Newtok made their own election sign and did their own election and elected councils. Your terms are expired. Since the NTC didn't do their election the community of Newtok made their own election sign and did their own election. The new council members got kicked out of NTC when they went in the NTC building. Joseph John Sr.-If council members keep changing during the relocation process it is a possibility that it was get messed up. So we agreed to keep the same council members until the relocation process is over. Outsiders that come to Newtok and tries to ruin the village is not good, don't follow the outsiders. When you guys had election none of us were present. I can't be against my fellow council

No one will help us, lets be happy for this guy that is willing to help us and fund the relocation and donate houses. Tom John & John Charles-We want to look at whoever is going to donate.

F. George Owletucks report-powerpoint presentation

10. OPEN SESSION:

John Charles-(Reading the banishment letter that was written for Harold Borbridge) Harold can sue the village of Newtok, he knows what his doing he is a grant writer. The letter is not from Newtok, the council member are the ones who mostly signed the letter.

Mary George-There is a rule in this village that no outsider can work unless they resided in Newtok for atleast 3 years. Harold said he wanted to buy a house and he said when he moved into that house he would work for his partner in that house he bought.

Marla Fairbanks-Why did that guy get kicked out? What did he do?

Julia Charles-If this person gets banned, they will take their kids with them and leave. I don't want them to leave. Some of the employees complain to the council members and it goes out their other ear. You council members are like sleeping that never wake up.

Albertina Charles-From now on follow the by-laws and ordinance. Please do something about these people breaking the law. Gambling is a violation.

Bernice John-I really enjoyed my job but someone told me to quit and I was a blame when the budget was over budgeted. The administrator is not suppose to hire and remove workers the council members are suppose to make choices. The council members are suppose to represent the tribally enrolled members.

11. DATE, TIME, AND PLACE OF NEXT MEETING:

12. ADJOURNMENT: Tom John

13. MOTION: ?

14. CLOSING PRAYER: ?

DOOR PRIZE WINNERS

Jojean Stewart-\$25.00
